

Check out our new global site!

After several months of hard work and dedication, we are excited to announce the launch of our new global site. Through this renewal, we have changed the entire design to make it easier for you to access the required information and purchase our products.

We have created a clean, modern design and improved site navigation to help our users find exactly what they're looking for and better represent who we are as a company. The new website is faster, more secure, and mobile-device friendly. MASTECH website has several new features:

- *To cater our clients' needs worldwide, we offer a multi-lingual website in English, Chinese, Spanish, French and German; and multi-regional for our visitors from Asia, America, and Europe.*
- *The site contains integrated social media buttons for Facebook, LinkedIn, and YouTube to foster improved communication with our community*
- *It makes shopping for our products so much easier! Spot the Shop on the menu of the homepage. The e-commerce store allows you to purchase directly from our website.*

We will continue to improve and expand our services on this website with richer and informative contents.

Come explore and enjoy our website! For any questions, suggestions, feedback or comments, please E-mail us. Thank You!

MASTECH Team
